

In His Name

سلام دوستان

با توجه به این که اسپیکینگ بیشتر زبان آموزان ضعیف می باشد تصمیم گرفتم که برای هر سوال اسپیکینگ که در کل 5 سوال هستند یک تمپلیت بنویسم و سوالات اسپیکینگ بعد از رایتینگ 50 کلمه ای به ترتیب به صورت سوال صوتی اول سپس توصیف تصویر و بعد از آن کیو کارت و بعد سوال صوتی دوم می آید. نهایتاً سوال اسپیکینگ اینترویو مطرح می شود.

سعی کنید برای هر سوال فقط از تمپلیت خودش استفاده کنید تا سوپروایزر ایراد حفظی صحبت کردن رو نگیرد. تمپلیت ها به تنهایی کار ساز نیستند و باید حتماً به موضوع اصلی اشاره بشه و تا جایی که خودتون بلد هستید در جواب از اطلاعات خود استفاده کنید و تمپلیت رو به موضوع اصلی سوال ربط بدید.

این تمپلیت ها رو هم خود شما می توانید ساده تر بنویسید یا اینکه فقط از قسمتی از آن استفاده کنید. هدف این تمپلیت ها این است که به شما توانایی صحبت کردن درباره هر موضوع را بدهد و در این حال باعث می شود با سرعت بیشتری جملات را بیان کنید که نمره پروداکشن شما را بسیار بالا می برد.

هر جا علامت / بود میشه یکی از گزینه ها را انتخاب کرد.

1_ تمپلیت برای سوال صوتی اول

This question which I didn't catch/get its whole meaning completely, can be analyzed and investigated in a number of ways.

First of all, it matches my experience and what I have gone through in my lifetime. To be more exact I think the effect that they have is positive and can have amazing impacts if attention is paid to these cases.

Second of all, to some extent I can't be sure about the answer of this complicated question and I believe giving a definite answer is out of my knowledge. Therefore, I think for reaching to an answer we need to see what people of knowledge would have to say about (موضوع سوال).

To sum up, these trends/issues/problems/things are likely to happen in the future and can be continued and followed in different situations.

2_ تمپلیت برای توصیف تصویر اسپیکینگ

This picture which I am supposed to talk about it, has a lot of factors and points in itself.

At the first glance it seems to be a simple picture of (موضوع یا شخصیت اصلی)

It is a black and white/colored picture. The number of people in this picture is 1/5/0/4..... they/he seems to be around 20/15/10/40.. years old and he/she is quite young / old.

Even though it appears to be more complicated when we look deeply and closely, many new aspects seem to be important especially the relationships existing between (مکان) And (شخص)

The mood and emotion of these characters / this character seem to be so good. They / he looks full of energy and ready to perform better.

In addition, it reminds me the same sight I saw a long time ago.

Exactly it takes me back to 20 years ago when I was a child but with minor differences in terms of color, size, usage.

Totally it makes me think about past events I have ever had and the things someone can imagine of the same sort about (موضوع اصلی).

That's all I can say and mention at the moment however this picture can be discussed more completely later.

3_ تمپلیت برای سوال کیو کارت

This topic is and has been one of my interesting topics in my whole life. I have always wanted to find an opportunity to give my personal opinion about these types of issues but I have never found one. Right now I am so happy to say my idea and express myself but I think I don't have enough time to include everything with details. Therefore, I say the main points.

First, what is important about it, is that, it is..... /What many people like/dislike to do /to have..... or think is useful.

This statement about (موضوع) is completely true.

Second, I would like to mention this point that....

Finally to conclude that's a great and wonderful way to..... and this process is going to be continued in the next years as the time goes on.

4_ تمپلیت برای سوال صوتی دوم

First of all, I want to say that speaking about this topic which is about (موضوع) is easier said than done/ not easy, because it has a lot of different dimensions therefore, I cannot be sure whether I can give a very good answer or not.

I believe that everyone including government and also all people should pay attention to (موضوع). This is something crucial and necessary.

Second of all, some steps and actions should be done to have a better future regarding this issue and I think the best thing about it is (یک (ویژگی/ یک راه حل و ..

Finally, I think it is better to study some books and scientific papers about (موضوع) and in this way we can have a great view and idea. With more knowledge my opinion about this (موضوع) would be completely different since everybody sees this matter based on his own information

5_ تمپلیت برای سوال اسپیکینگ اینترویو که باید از دو موضوع یکی را انتخاب کنید.

At the beginning I have to say I chose this topic and not the other one because in my life there are many things related to this issue so I can better wrap my mind around it. In addition, as I can remember I have some experience related to this matters and it is quite familiar for me.

You know that it's a broad issue and the most important/ significant thing about it is (مهمترین چیز درباره موضوع)

Furthermore, I remember when I was a child I all the time asked about this (موضوع) from my father and he tried to give me the most relevant information regarding (موضوع) therefore, having the experience related to this issue might be so helpful and useful to be definite about the answer of it.

Totally I think (موضوع) is a common matter in the society and school and families should make children aware of it. At the end I want to say (چیز های مربوط به موضوع)
